Nurcholis Al Fachri

Fullstack Developer & UI/UX Designer

nurcholis.alfachri@gmail.com | +6282320451945 | Cirebon, Indonesia

I am Javascript Fullstack Developer who enthusiast to web programming and design. Basic knowledge is Economy Management from University of Muhammadiyah Cirebon.

Love to learn new things to improve my skills, then i decided to learn programming, because i have big interest to coding and make a program.

I have passion and working hard to achieve my goals, so i practice and learning routine about programming. Mostly using ReactJs for making projects in front-end development.

I believe that my skills would help development team growing up.
